29th April 2025

Dear Parent/Carer

PrimeVR Workshop | Permission Slip

We have booked for a company called PrimeVR to come and deliver a virtual reality workshop day at our school on **Thursday 5th June**. We think this is a fantastic opportunity for our pupils and will help to bring their topic to life.

To cover the cost of the workshop we are asking for a contribution of £5. You will be able to pay this via Parentmail.

(Please note, it is recommended that pupils with epilepsy or pupils who are prone to seizures consult with their doctor before using a VR headset. If your child has epilepsy, is prone to seizures or may not be able to use a VR headset, please consult with a doctor and inform the school reception before signing this permission slip as an alternative device can be provided for accessing the workshop).

More details regarding this workshop are included on the next page. Please read through this before signing the permission slip and feel free to contact info@primevr.co.uk or visit www.primevr.co.uk for more information.

Please return this permission slip by: Monday 19th May 2025

.....
.....

I **DO / DO NOT** give permission for my child
to use a VR headset during a workshop with PrimeVR.

Name of parent/guardian:

Date:

PrimeVR has been delivering workshops using virtual reality since 2017. You can see what schools, teachers and parents think of our workshops by checking out our reviews on Google and Trustpilot. Our workshops have been specifically designed for schools to help bring learning to life and they are delivered by an experienced member of the PrimeVR team in a controlled and supervised environment.

During our workshops, we implement the following safety measures:

- A full safety briefing is delivered at the start of every workshop and VR usage will be supervised by an adult at all times. A safety video is also shared with every class prior to our arrival.
- Pupils share one headset between two and only use VR for a maximum of 10 minutes during our workshops (this time is also split up into 1-2 minute segments). In between using a VR headset, we interact with pupils by asking questions, creating discussion and by setting mini activities based on what they've seen.
- All of our VR headsets are controlled by a central iPad which allows a member of the PrimeVR team to deliver specific educational content.
- We only use VR headsets to provide a visual experience and pupils will always remain seated whilst participating in one of our workshops.
- All headsets are cleaned using Clinell Universal wipes in between classes.
- Please note, an iPad/tablet will always be made available as an alternative device for any pupils who don't want to use a VR headset during their workshop.
-

We use Pico G2 4K VR headsets during our workshops. You can find out more information about Pico headsets by visiting <https://www.picoxr.com/>. We believe the additional measures we've put in place, alongside adult supervision, provides a safe environment for all pupils in KS2 to use VR for short periods of time for educational purposes only. If you have any further questions about anything, please don't hesitate to contact us at info@primevr.co.uk or visit www.primevr.co.uk for more information. Please note, if you do not want your child to use a VR headset, please inform the school and we will be able to provide an iPad/tablet as an alternative device for accessing our workshops.

Kind regards

Year 5 Team
